COMPANY OVERVIEW

Paragon Cyber Solutions, LLC is an 8(a), EDWOSB, SDVOSB certified small business with over 20 years of specialized experience in security assessments, cybersecurity services, and technical engineering for mission support and execution. We work collaboratively throughout your entire project life cycle providing subject matter expertise to reduce your risk of exposure, meet your business objectives, and exceed your expectations.

WHAT WE ARE GREAT AT

Cybersecurity Services

- Assessment and Authorization (A&A)
- Risk Management Framework (RMF)
- Cybersecurity Maturity Model Certification (CMMC) C3PAO
- Security Gap Analysis and Compliance Audits

Mission Support

- Military Planning, Strategy, Design, and Implementation
- Systems Engineering
- Cloud Engineering
- Configuration Management
- Instructional Systems Design

WHAT MAKES US UNIQUE

- Highly credentialed staff up to PhD with multiple industry certifications (e.g. CISSP, CISM, CEH, CHFI, PMP, CompTIA, SCRUM, ITIL, CMMS L2).
- Successful track record achieving a 100% pass rate for RMF authorizations and zero findings for ISO 27001 assessments for our customers.
- IT / Cybersecurity solution provider with an accessible executive leadership team providing stellar customer service to support the mission.
